Token Buffet Hub vs OpenRouter

CORE DIFFERENCE	Token Buffet Hub Use your included subscription allowance	OpenRouter Pay separately for metered API usage
Access & Billing	**Your AI providers** through montly subscriptions.	**Your AI providers** through prepaid API credits.
Routing	Routes your prompts to locally installed **AI CLI agents (Claude Code, Codex, Grok, etc.)** which use your signed-in-session to access their cloud **AI providers**.	Routes your prompts directly to cloud **AI providers** authenticated with API key.

Monthly cost estimates

Uncached requests · 80% input / 20% output
M = million tokens · B = billion tokens

Provider / model	API in per 1M	API out per 1M	Token Buffet · your subscriptions Plan price / month · modeled tokens / month*		OpenRouter monthly cost Same modeled token volume*
